THE inventor of this preparation was for three years a completely prostrated from Dyspepsia and inactivity of the Eirer that he was frequently for weeks at a time unable to raise himself from his bed. He sought aid from physicians at home and in Europe, but in vain, his case was pronounced hopeless by thousands, and it was by accident that he succeeded in curing himself. He has been aware of the incredulity of the public, and consequently said nothing through the press of his own case, until the character of the medicine was fully established by its success, as shown by the certificates which have been advertised. HUNTSVILLE, January 12, 1852.

DR. BLEDSOR:—I take the liberty and fell it to be my duty to recommend to all persons suffering from disease of the stomach and bowels, your Alterative Compound, as a very seperior medicine. My son, aged In years, had been under medical treatment about five years for dyspepsia and diarrhea—when having almost despaired of his recovery, I concluded to try your Alterative, two bottles of which, I believe, entirely cured him.

MICAJAH CAYCE.

Hungsville, Oct. 17, 1854

Dr. Bledder Some time has elapsed since I gave a certificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saying to the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many different medicines, with maneutary relief. Being persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously recommend it to all persons suffering from diseases of the liver and dyspepsia.

N. B. ROBERTSON.

Dr. Blenson—Having seen the publication of your Alter ative Compound, I think it my duty te say to the public, that I had been for years subject to spells of Cramp Colic, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has relieved me in every attack in less than an hour.

WM. B. LLOYD,

GRES COUNTY, Tenn., Dec. 23, 1851.

Dr. Blensor:—I feel that I should fall short of my duty to you and to those who are allicted, were I not to further recommend your Alterntive Compound. It has entirely refleved me, so that I have not had cause to take anything in two months. I can eat anything I want with impunity, and believe my health is as good as it ever is at my advanced age. Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully your friend.

ELIZABETH J. HARWOOD.

HENRYHLE, Ala., August 24, 1851.

This is to certify, that I had suffered for many years with Dyspepsia and Diseases of the Liver. Physician after Physician had prescribed for me without my receiving any benefit, when I commenced the use of Dr. Bledsoe's Alterative Compound, which cured me soundly, and I recommend it because of the same happy effect upon others of my acquaint ance. JOSEPH CAROTHERS.

Hunrsville, Ala., March 3, 1852. Dr. Blenson -Sir: Judging from the certificates you have already advertised, it will be aimost unnecessary for me to add further evidence in regard to the bealing virtues of your Compound; but I amst say, that for years 1 suffered a great deal from Dyspepsia and enlargement of the spleen, and thought that I never would recover. I commenced tak-ing your compound about nine weeks ninec, and have gained 25 or 30 pounds, and feel about as well as I ever did The above medicine is for sale in every Drug Store in the city, and most of the towns in the State. DR. FRASK'S MAGNETIC CINTMENT. A MR. WINTERS had lost nearly all of his hair and had been hald for many years; by the use of three bottles of the Magnetic Continent, had his hair entirely restored, and now has as beautiful a head of hair as any man could wish. His age is about 50 years.

A son of Mr. Warren, of this town, 14 years of age, had been afflicted with the Asthma from his cradle. He had the benefit of the best medical advice that a loving and wealthy father could procure, without avail. It was one of the most aggravated cases I ever saw; he was emaciated almost to a skeleton. By the use of a few bottles of the Ointment he was theroughly cured, and for seven months past has enjoyed robust health.

This was an extreme case of information of the contract of the c

enjoyed robust health.

This was an extreme case of inflammation of the splien, of long standing; has a variety of treatment from no less than eight different physicians, without receiving benefit—was cured by the use of only four bottles of the Magnetic Ointcured by the use of only four bottles of the Magnetic Ointment. This was four months ago and the lady (a Mrs. Dunham, is still in good health, and able to attend to her usual household duties. I have treated two cases of Chronic Sore Eyes with the Ointment, both of the patients so nearly blind, as to need an attendant to lead them from place to place. One of them had been afflicted 18 years, the other about 9 years. They had tried the best physicians in the State, without benefit; and one of them had been under the treatment of the celebrated Dr. Muxzy, of Cincinnati, for eighteen months, and had expended hundreds of dollars in eighteen mouths, and had expended hundreds of dollars in vain efforts to effect a cure. They are now by use of the wain citoris to effect a cure. They are now by use of the Magnetic Ointment, nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Ointment in a number of cases of Piles, and in no case has it failed of giving immediate relief and generally a permanent cure. I have also used it beneficially in severe cases of Erysipelas. And last but not least, I have within the last year cured four cases of CANCER by the use of the Magnetic Cintonest alone! Ointment alone!
From a thorough trial of the Ointment in nearly every

disease for which it is recommended, I can confidently re-commend it to be one of the most useful remedies ever of-fered to the public. Respectfully Yours, BURTON HUBBELL, M. D. Dated Jan 27, 1850, Amelia, Obio.

The character of this Ointment, as an efficient remedy, is established in this city. There are quite a number of indi-viduals who ascribe their restoration to health to the use of this extraordinary Ointment. H. G. SCOVEL, BERRY & DEMOVILLE,

THE GRÆFENBERG COMPANY-Takes this early opportunity of acknowledging the great compli-ment paid to their Medicines by the TENNESSEE STATE MEDICAL SOCIETY in their resolution of May 5th. "That they shall urge upon the Legislature the passage of a Law, requiring the recipes for all these medicines to be filed," by which the members of the said society may be enabled to have all the use and

of the said society may be enabled to have all the use and benefit of them gratuitously.

The G. Co, take the liberty of suggesting to the Bakers of Nashville, to petition the Legislature, not to permit any families in the city to make their own bread, without making known the modus open and, as such seven proceedings are injurious to the well-doing of Bakers, and ought not to be permitted. The grounds are precisely the same.

If Doctors were always intallible, there might be some justice in legislative acts to compel the public to apply to them universally, but unfortunately we have before us the Crescent City paper of the 3d of September, from which we learn that learn that 90 OUT OF EVERY 100 CASES OF YELLOW FEVER

treated scientifically by the faculty bave died, and 98 coses of every 100 treated by old women, the non-medical members of the How treated by old women, the non-medical mambers of the flow and Association, and by more excessive humbugs the Homepathic Poetors, have been cured.

Such statements as the above are injurious to the profession, for people are easily led estray, and may be induced to attach less value to Latin prescriptions and expensive Hiroglyphics, and occasionally trust to the dog mas of common sense, late down in plain English, to the Grademberg Medicines, which are warranted to do no harm, and for which no momey is exacted if they do not prove beneficial.

It is well known that the It is well known that the Dysentery Syrup and the Childrens' Panacea

of the Griefenberg Company, have, in two years past saved 20,000 lives, from Flux and Dysentery when all other remedies had failed.

But it seems that the objection to these reneedles is that "it is an attempt to send forth medicines without the presence of the Doctor"—who is thus deprived of the proper degree of aid and comfort that he should receive for farmishing the prescription, "Have illan hydrogenes." The Doctor and the medicine should go together, the Medical Society have so willed it, let no quack part them assuder.
